

gift of life goes to the person who needs it the most rather than someone who happens to have the good fortune to live in the right state, county or city. Its about helping at least 300 people each year to continue to live.

The fact is that the current system discriminates against people who live near the highly regarded centers with the longer waiting lists. It's not their fault that their local center is willing to take the harder and sicker patients when other centers avoid the sicker patients in favor of patients who may be still able to work, go to school, or even play golf while patients elsewhere are near death without any opportunity to receive that organ because they have the misfortune of being on the wrong side of the Pennsylvania—Ohio line.

All HHS wants to do is: (1) require UNOS to develop policies that would standardize its criteria for listing patients and for determining their medical status, and (2) ensure that medical urgency, not geography, is the main determinant for allocating organs.

HHS should be allowed to proceed. The longer we delay the more lives are at risk. In this day of modern air travel and communications there is no good reason for an organ to stop at the border. There is no good reason why if I passed away while attending the Superbowl in New Orleans that my liver should go to a golfer in Louisiana when I may have a loved one who is in desperate need of a transplant at home.

People are dying because they happen to live in the wrong zip code and because states do not want to share their organs. Nowhere else in society would we allow a monopoly like this to continue. We must put an end to this craziness. There is no room in this country for politics to affect who lives and dies. The patients who need the organs the most should get them. Period.

The SPEAKER pro tempore (Mr. PEASE). Without objection, the previous question is ordered on the conference report.

There was no objection.

The SPEAKER pro tempore. The question is on the conference report.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. ARCHER. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 418, nays 2, not voting 15, as follows:
